

HCRTA - Record of Volunteer Hours

Name: _____

The State Ohio Retired Teachers Association asks the local groups to compile and report volunteer service hours of their members for each year.

Volunteer hours of community service can come from many sources. Some types of these services would include volunteering for: education, civic, church, professional, social service, crusades/drives, hospitals, nursing homes, homebound service, senior center, museum, historical society, conservation, and other activities.

Please take a few minutes each month to mark down your volunteer hours and I will total them at the end of the year.
